- The degree to which those who are being served are involved in planning, goal setting, and decision making;

- Work with other congregations, nonprofits, and groups in the community and state supporting the purposes of the particular project;
- Communicate through a network of others in the same ministries about resources, strategies, training, and other means of strengthening the ministry.

Priority

Priority will be given to ministries addressing the most pressing issues of children, who are the primary focus of this endowment. UMCOR related ministries focus on health, food, and the safety of poor vulnerable children.

Consideration will be given to the ratio between administrative expenditures and expenditures for direct services or activities carrying out the stated purpose of the organization applying.

Disbursal of Funds:

Announcement of grants will be made by July 1. One-half of the grant will be sent no later than August 1. The second half will be sent no later than February 1, assuming the report and evaluation form has been properly filled out and received.
